

TERMINAL LLC

the expert in off-road vehicles

Terminal LLC operates as a manufacturer and a distributor, successfully exporting the products to such countries as:

Our main clients

- Hunters
- Fishermen
- Explorationists
- Fire services
- Park rangers
- Rental companies
- Transport companies which deal with hardship posts
- Tourist agencies

Our ATVs are designed to operate under various climatic conditions: they come with an additional radiator fan for use in hot climates and also can be used beyond the Arctic Circle with no modifications needed.

The advantages of our ATVs

- The ATVs are equipped with a flotation system, which allows them to overcome water obstacles easily and increases the potential for use in various conditions.
- The ATVs have a cruising speed of 45 km/h and a maximum speed of 90 km/h, providing excellent maneuverability and fast arrival into hard-to-reach areas.

We manufacture over a thousand ATVs a year and are capable of exporting half of them. The automotive parts used in our ATVs can be replaced with parts from other manufacturers or adapted to local conditions. Repair and maintenance can be done by any mechanic.
